## Picture Perfect

**The Story of Women and Art:** Thirty-five women artists showcased their works at the Sculpture Garden near Ravindra Kalakshetra on Sunday. They were participating in Art Park, a monthly event organised by the Bangalore Arts Foundation and the Art Park Committee. "For the first time in three years, we have had an event exclusively for women artists," said SG Vasudev, who started the Art Park initiative in March 2014 to create awareness and appreciation of visual art. The artists participated in a live drawing and interaction session. Uma Mahadevan, principal secretary, women and child welfare department, Government of Karnataka, was the chief guest of the day-long event.
